I look forward to seeing you this evening. I'll provide all of this info this evening as soon as I'm done running around the hill. Thanks again for your work to make yesterday happen.

Shoren,

Thanks again for helping organize the event yesterday, it was a great success! I hope the rest of your meetings on the Hill are going as well.

As we discussed, please send along the polling information and the link to the Hill article.

I'm confirming the attendance list, and everyone on your original list signed in with the exception of:
Tom Franklin: Sr. Director of Science & Policy, Theodore Roosevelt Conservation Partnership
Joe Klutsch: Owner of Katmai Guide Service

Did they attend?

Also, the following were present, but not on your original list.
Peter Van Tuyn: Counsel for Bristol Bay Native Corporation
Russell Nelson: Board Member for Bristol Bay Native Corporation
Ben Bulis: General Manager, American Fly Fishing Trade Association

It's difficult to read several peoples' writing, do you have a handy contact sheet for those at the event? If not, I'll work with the handwritten sign-in.

Finally, here are some photos from the event, you'll like the last one the best! [Http://feetwetphotos.smugmug.com/EPA-Events/ConservationGroups](http://feetwetphotos.smugmug.com/EPA-Events/ConservationGroups)

Looking forward to catching up more with you and the rest of the sportsmen at tonight's reception.
